OUR NEW DEPARTURE.

I ARCH 1, 1884

Is the trirty-fifth anniversary of the existence of the firm of S. Lipman & Co. on the Pacific coast, and is also the commencement of the fifth (5th) year of our business in Portlan , Oregon. With this date we wi inaugurate a New Departure in the manner of conducting our business. which we firmly believe wil make our name a "by-word" in every household on this coast.

Since opening this branch of 6 in firm in Portland, many changes have taken place around us, as the increasing population called for better facilities in transportation and other accommodations, they have been supplied, in mmy instances, before the demant justi-

The completion of the North rn Pacific railroad has caused a great influx of all classes of peop'e from all parts of the United States and Europe—the ma crity of whom are seeking employment. Having resident buyers, we can watch the market at all times and with ready cash, take at vantage of every opportunity in buy ng Erstquality goods at our own prics. When purchasing an article for

us better than ever to slace before our patrons the Very La est Syles at their first apppearance on the market. To be plain: we are convinced

that, in taking this New Departure our sales will be increased to such arrextent that we will realize better results than ever before. In conclusion, we will homestly
